

# Office of the UN Resident Coordinator

6 March 2007

**Subject: Gumball Rally 3000 in Albania**

Dear Julie,

United Nations Agencies in Albania are implementing programs which aim to support Albania's development and integration in the European Union.

Specific UN programs help and highlight Albania's potential as an eco and cultural tourism destination.

In this context, United Nations Agencies in Albania are pleased to partner with the 'Gumball 3000' Rally, the 3000-mile car rally that has taken place in various locations all around the world over the past 8 years. This year, Albania has been included in the itinerary and we are pleased to work with you under the government of Albania's hosting of this event to make the event a success for the country.

With its beauty, its rich cultural heritage and outstanding hospitality Albania is attractive for many visitors. We are sure that the participants will enjoy their time in the country as well as in capital Tirana with its colorful and vibrant life.

We expect this event will generate significant media attention and will promote Albania's image internationally.

**Yours Sincerely**

**Gülden Türköz-Cosslett**  
**UN Resident Coordinator**  
**UNDP Resident Representative**
